Footprints in the Sand

I dreamed that I had died. The Lord and I walked side by side., leaving two sets of footprints in the sand. Ahead in the distance, I could see the pearly gate of heaven. I took one last glance behind me, wanting to remember all the footsteps I had taken through life. Behind me over the smooth and easy paths of my life 's journey, there were two sets of footprints n the sand. But where the road was steep and difficult to travel, there appeared only one set of footprints. I asked the Lord this question:

"Lord, I believed that you would walk by my side through my whole life, during easy times and difficult times. But during the hard journeys, I see only one set of footprints, Why?" The Lord answered, "My child. I was with you all through your travels, but along the most difficult paths, I carried you."
