

# June Long

Affectionately known as June Bug and Ginger

Frances Elizabeth June (Shivna) Long

June 1, 1919 – September 17, 2014

- Born in Cleveland, Ohio.
- Moved to a farm near Meyersdale, PA at age 5.
- Attended a one-room school, grades 1 – 8. Actually spent 3 years in the 8th grade because there were no local high schools.
- At age 16, went to work as a live-in housekeeper in Cumberland, MD.
- At age 20, moved to Towson, MD with her younger sister, Ruth. Initially worked as a waitress.
- During WWII worked for The Glenn L. Martin Company in Baltimore.
- After the war, worked for Black & Decker in Towson, MD
- At age 42, went back to work for Black & Decker in Hampstead, MD. Retired from there at age 62.

June enjoyed braiding rugs and crocheting afghans that she would sometimes enter in the state fair at Timonium. She also enjoyed baking which made the rest of the family happy. Usually, there was a dessert of some kind, but if she hadn't baked something and you asked her about it, her quote was *"Here it comes, There it goes."* During her stay-at-home child rearing years, she enjoyed spending time playing cards and laughing a lot with her good friends, Helen Isennock and Dorothy Coffman. She was an avid duckpin bowler and for many years bowled twice a week at The Reisterstown Bowling Center.

## PARENTS
