Step – Dad

There are no words to express what you meant to me, and for being the Dad, you didn't have to be. A beautiful person with a wonderful heart, and I miss you so much since we had to part. We may not have been related by blood, but you loved more than anyone could. I'll treasure the memories, and not feel sad, because I was so lucky to have the perfect

Daddy, I Love You and will miss you dearly, since 7 years old I can still remember all the talks and everything that you have encouraged and instilled in me. Daddy, I thank you for being brave and being a man to love and care for your family and children. Yes, you were stern and strict most times, but you still gave us enough room to bump our heads and learn to know and do better and I can honestly say I bumped my head enough that I was able to honor your wishes for me to get myself together and for that each day I will live in your memory to continue to live my best life. Fly High Daddy your Daughter Barbara, Michael, Nikki, Shawn, Jerry Jr., and Jermain.
